§ 1470.7 Enhancements and conservation practices.

(a) Participant decisions describing the additional enhancements and conservation practices to be implemented under the conservation stewardship contract will be recorded in the conservation stewardship plan.

(b) NRCS will make available to the public the list of enhancements and conservation practices available to be installed, adopted, maintained, and managed through the CSP.

The bundles will be designed to coordinate the installation and adoption of enhancements with each other to address resource concerns in a more comprehensive and cost-effective manner.

(d) CSP encourages the use of other NRCS programs to install conservation practices that are required to meet agreed-upon stewardship thresholds, but the practices may not be compensated through CSP.

§ 1470.8 Technical and other assistance.

(a) NRCS may provide technical assistance to an eligible applicant or participant either directly or through a technical service provider (TSP) as set forth in 7 CFR part 652.
